

IMPORTANT INFORMATION – TERMS AND CONDITIONS

Yates is proud to offer our online Configurator specifically designed to help you, our customers, download quote requests on any NFPA Yates cylinder. The cylinders represented in the Configurator are based on complex formulas, hundreds of thousands of dimensions, calculations and other numbers in systems that allow you to configure your cylinder from a wide variety of CAD formats including 2D and 3D capabilities.

By using Yates' Configurator, you ("our customer") will be configuring the cylinder, not Yates. As such our customers agree and accept the following:

Yates Industries Terms and Conditions of Sale set forth in the latest edition of Yates Cylinder Catalog found at www.yatesind.com/catalogs.php;

There is NO WARRANTY OF FITNESS FOR PARTICULAR PURPOSE, EXPRESS OR IMPLIED, ON THESE CYLINDERS BECAUSE THEY ARE CONFIGURED BY OUR CUSTOMER;

Yates is not liable in any way and shall be indemnified and held harmless by our customer from any claims of liability for any and all dimensional errors or omissions and/or any other performance issues relating to any of the cylinders configured by the customer.
